ADMINISTRATION

SUPERINTENDENT'S MESSAGE

It is my hope that each of you will remember this school year as the best ever. May the memories it holds always be treasured dearly.

Your educational foundation gained in school will be continuously evaluated as you take your place as a responsible citizen in our society. Set yourself high moral and ethical standards and strive diligently until you have attained them.

Criticism and praise come with a progressive, working citizen. Let your own conscience be your guide; then do what you know is right--the praise you receive will be welcomed and the criticism bearable.

My best and fondest hopes for your success go with you into life.

Sincerely yours,

Jerry M. Gideon

PRINCIPAL'S MESSAGE

You as seniors are about to take a big step in your life. Will you be a stumbling block or a stepping stone? The only difference between a stumbling block and a stepping stone is in the way that you use them. There will be times in your life when you think that this is the end of the road, but that is just part of being on your own. Keep pushing and you will succeed. When the going gets rough remember that "Diamonds are only chunks of coal that stuck to their jobs."

Man's real limitations are not the things he wants to do but can't. They are the things he ought to do but doesn't. If you will keep God first in your life things will come easier for you. Keep in mind that God will not look you over for medals, or degrees, diplomas, but scars.

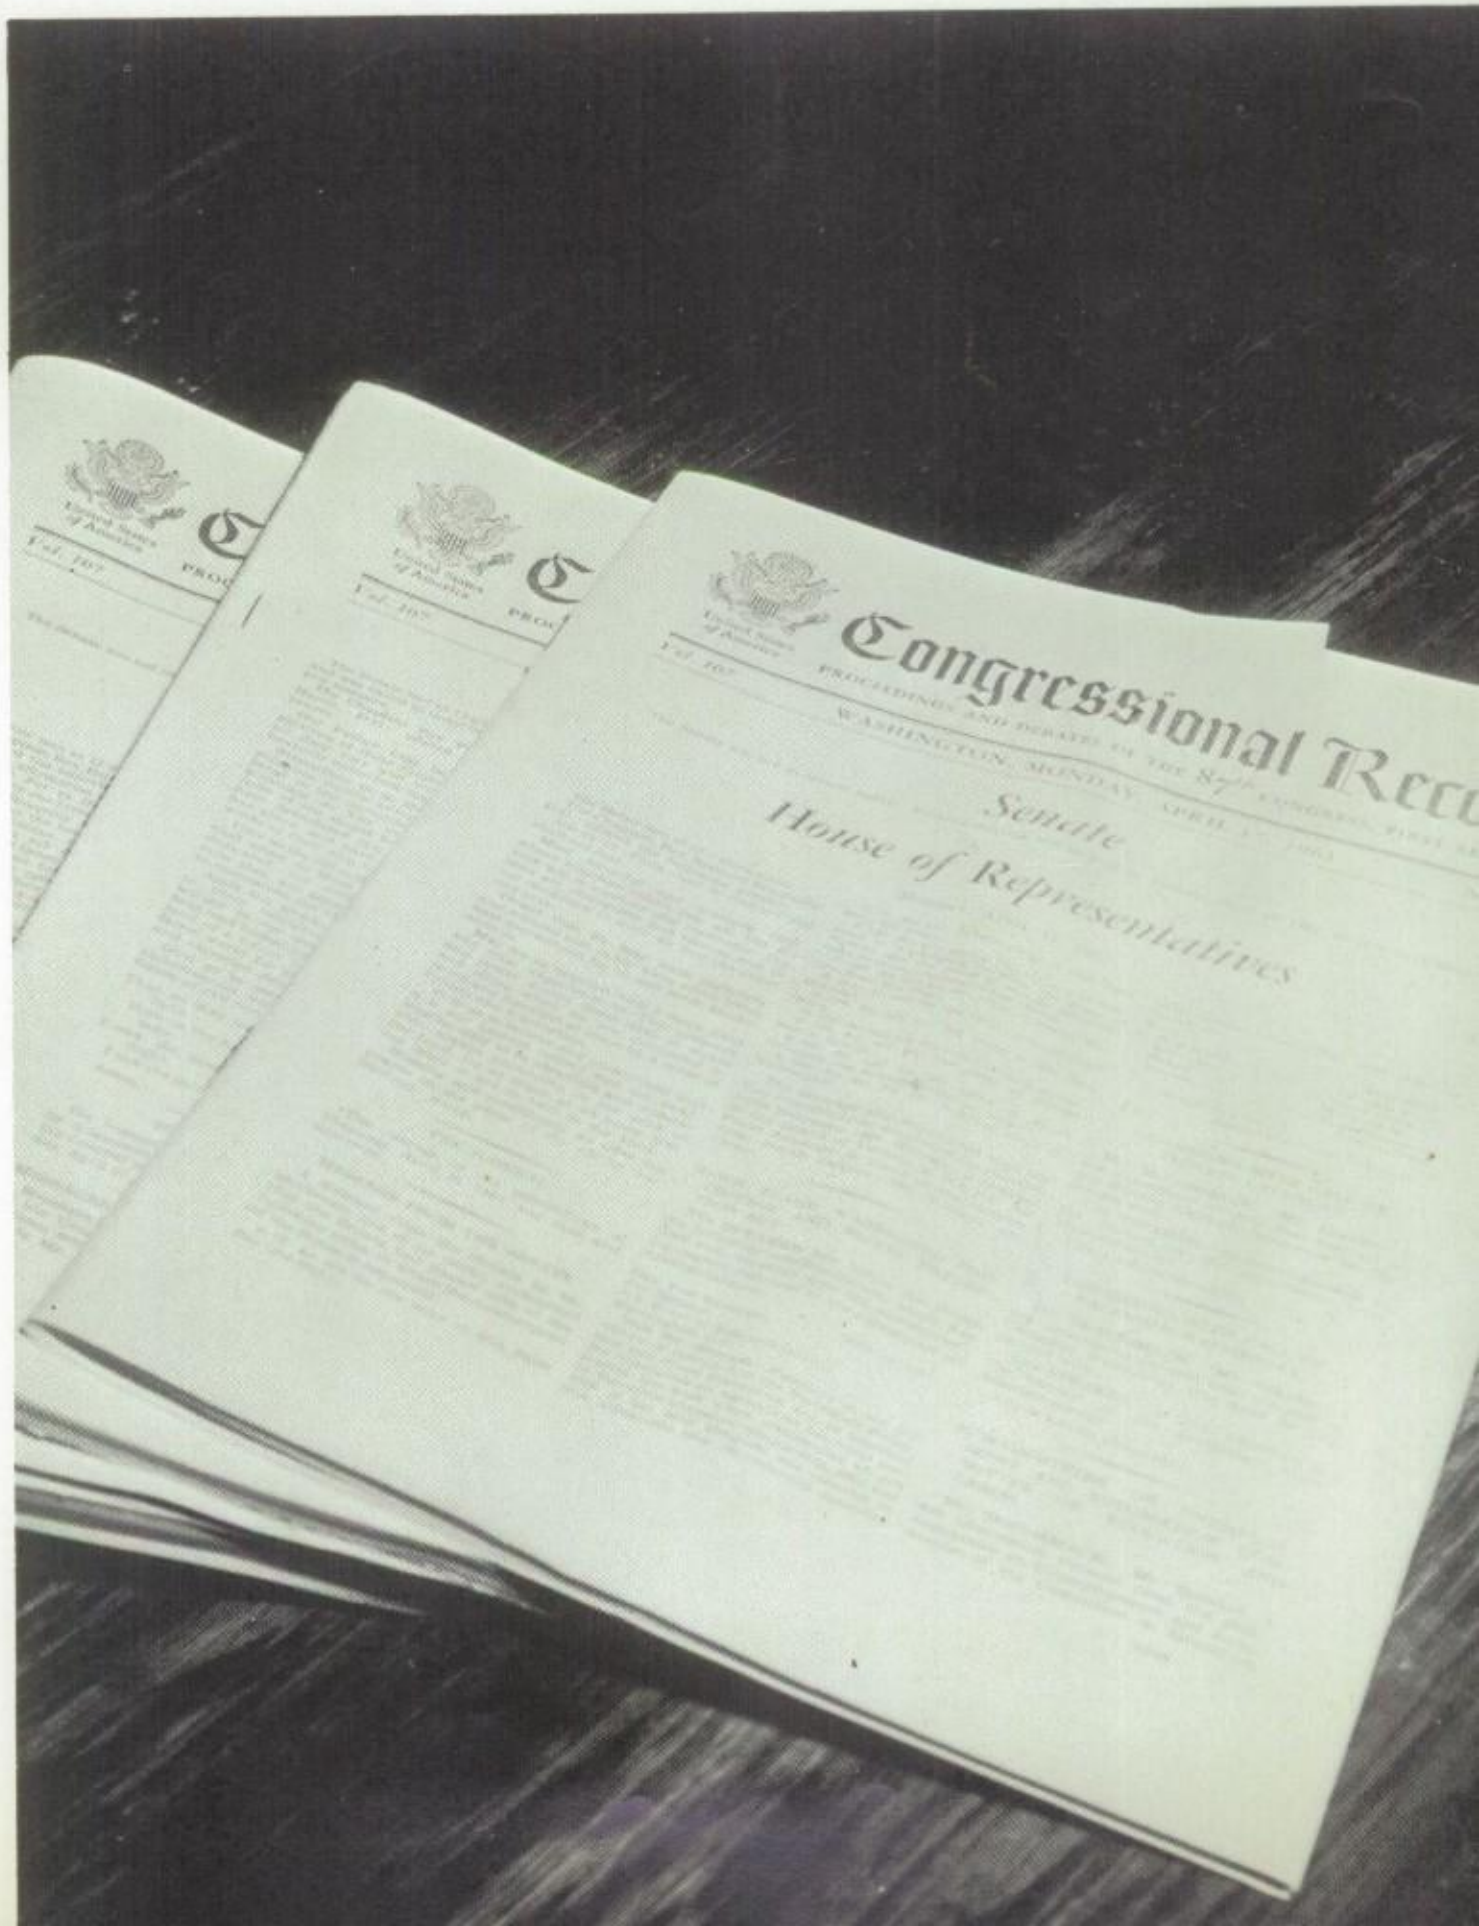

I congratulate you on your achievements, participation, co-operation and support that you have shown this year and extend the hand of help and friendship to you always.

Sincerely yours,

J. M. Salmon

CLASS WILL

We, the Senior Class of Bullard High School, in this year of 1966 to 1967, being in reasonably good health and of doubtfully sound mind, realizing the uncertainty of grades and the vacillating dispositions of our faculty members, do hereby make this, our last will and testament.

I, Rickey Harris, will my natural red hair to Michele McCugh.

I, Kay Ellis, will my ability to graduate at Mid-term to Pam Pumphrey.

I, Tony Padrucco, will my mild conduct to all the Junior boys.

I, Mickey Kirkpatrick, will my position as Editor of this yearbook to the next poor fellow.

I, Judy Chartier, will my Yankee accent to whoever wants it.

I, Karemn McKeller, will my ability to earn a husband to Cora Johnson.

I, Linda Brown, will my ability to speak properly to Henry Morgan.

I, Guy Newburn, will my humorous school spirit to Archie Lusk.

I, Newell Shaffer, will my ability to be a manager of the Panther ballteam to anyone crazy enough to take it.

I, Elmer Johnson, will my quiet ways to Elbert Kendrick.

I, Philip Gordon, will my weight and strength to Anthony Williams.

I, Brenda Newburn, will my quietness to Lynda Reed and Benita Thedford.

I, Joseph Nolen, will my close hair-cut to Jimmy Prentice.

I, Tony Foster, will my many talents and abilities to be distributed among the students of Bullard High School.

I, Dianne Biscoe, will my graceful movements on the ball-court to (Donna Sides.)

I, Kathy Robins, will my ability to foul out in the first quarter to Janet Wilkinson.

I, Carla Stripling, will my ability to have a steady boy-friend to Dianne Alford.

I, Eddie Clark, will my ability to do bookkeeping to anyone that can't.

I, Zeb Cantley, will my ability to learn, my personality, and physical defects to Mack Earl Davis.

CLASS PROPHECY

After veiwing the fiction story "The Time Tunnel, " the scientifically minded Senior class of 1967 set upon themselves the task of building a conventional time machine. After completion of the machine, each Senior volunteered to take a journey in time.

Now, in the year of 1977, as we gaze into the huge viewing screen at the Bullard Scientific Exploration Building, we see....

Carla Stripling a little frustrated. It seems she pushed the wrong button in her nuclear powered kitchen and fried her laundry to a crisp brown.

Rickey Harris and Tony Padrucco have finally quit trying to see who could buy the latest car. They have pooled their funds and bought and experimental model with a radar guidance system.

Kathy Robins is now secretary at the interplanary airport at Teaselville. The airport is owned and operated by the freat aviation engineer, Mickey Kirkpatrick.

The great Botanist, Newel Shaffer has been working for five years to invent a lunar cucumber. It seems he likes the little plant.

Tony Foster went back in time to supervise the invention of the wheel and reported seeing Eddie Clark in a apple tree trying to help Isaac Newton discover gravity.

Tony also caught a glimpse of Guy Newburn. He just had to go and hear Hank Williams sing "Your Cheating Heart" one more time.

Dianne Biscoe also went back in time. It seems she is giving Cleopatra lessons on how to catch men.

Joseph Nolen had such a hard time deciding whether to go into the past or future that he just stayed where he was.

Elmer Johnson went back a few years. It seems he wanted to grow up with Goose Tatom.

And now we see Philip Gordon in the past. He is trying to find out if Shakespeare knew what he was doing.

Zeb Cantley took his Ford back to Henry. It seems he wasn't satisfied with its performance.

Judy Chartier went back to the days of the southern plantations. She decided this was the best way to acquire a true southern accent.

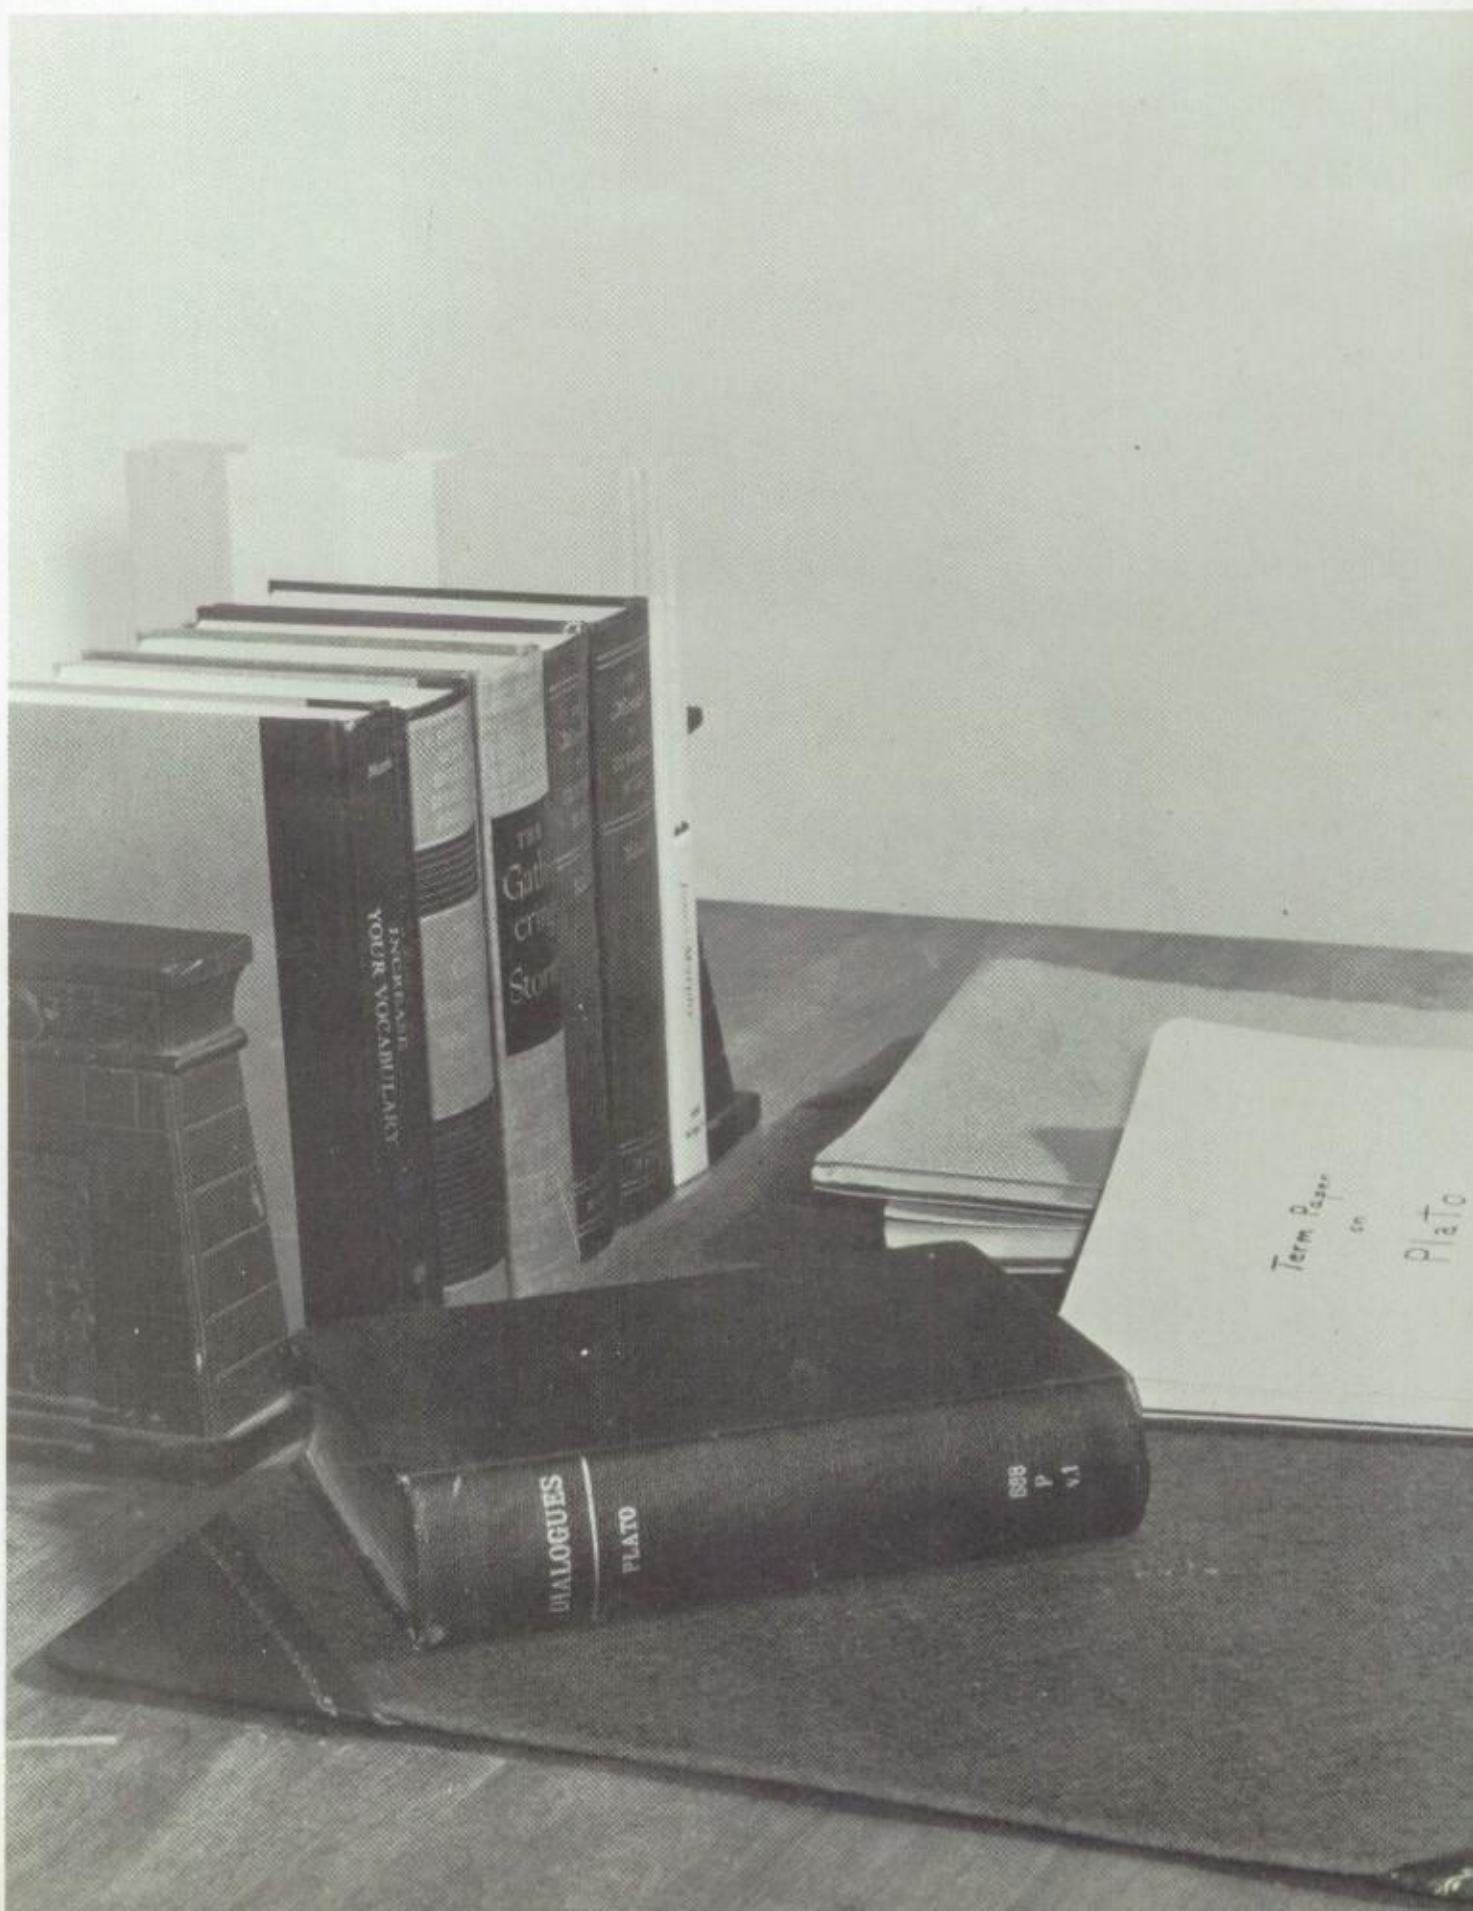

Brenda Newburn is now working on her Master's degree in Homemaking. She got off to a good start in 1967.

Karemn Grandberry is helping her friend Linda Brown find a husband. It seems they won't be happy until both of them are married.

....So Who knows, If we wait around long enough, the Seniors may find their way back to 1967.
